EXPERIENCE

Front-end Developer

Artificial Reality

May 2023 – Present

Navi Mumbai, Mumbai

- Maintained and developed pixel-perfect UIs for multiple Angular-based projects, ensuring high fidelity to design specifications and delivering on deadlines
- Conducted UI/UX audits to identify pain points and implemented design improvements that increased user engagement metrics by 20%.
- Designed and developed a mobile-responsive version of the application, addressing user needs and enhancing accessibility, which resulted in a 70% increase in overall engagement.
- Designed and developed landing pages for leading automobile products. Did UX audits to improve the presentation of the products and market brand.

Web-Developer and UI UX Designer

Freelance

January 2022 – Jun 2023

Mumbai, India

- Developed and delivered custom WordPress and Elementor websites for e-commerce businesses and media platforms.
- Designed engaging landing pages, UI layouts, and digital assets tailored to client requirements.
- Conducted SEO audits and implemented strategies that significantly improved website traffic and search rankings.
- Created responsive designs that improved user engagement by 30%, ensuring compatibility across devices.

PROJECTS

Studio Blog Website | React.js, React Hook Form, Redux Toolkit, Appwrite

[Github](#) | [Live](#)

- Developed a fully functional blog platform with secure user authentication and CRUD operations using Appwrite.
- Implemented form handling and validation using React Hook Form to ensure reliable user input.
- Used Redux Toolkit for managing global state, improving code scalability and performance.
- Designed a clean, responsive UI with modern styling and smooth UX across devices.

Portfolio Website | React.js, Tailwind, Framer Motion, MDX

[Live](#)

- Built a responsive personal website using React and Tailwind to showcase skills, blog posts (MDX), and project work.
- Implemented a blog section with markdown-based posts to share development insights and technical tutorials.
- Integrated Framer Motion for smooth page transitions and micro-interactions to enhance user experience.

EDUCATION

Ramrao Adik Institute of Technology

Bachelor of Electronics Engineering
* CGPA: 6.5

Navi Mumbai, Mumbai
